Conference programme

Make sure to visit our Conference websites, which are constantly updated with new information. Detailed conference programme will be published in July 2008 on:

www.dhigroup.com/croatia2008

and

www.proneko.hr/croatia2008

Free MIKE software training

Free training sessions will form part of the Conference Programme on Wednesday 15 October. The training sessions will run as half-day parallel tracks.

We encourage you to submit maximum two topics, in which you would like to be trained (eg flood modelling, water distribution planning, etc). This can be done on our websites or through contact to the Conference secretariats. We will do our utmost to integrate your topics in the training tracks. The number of seats is limited. All trainees will receive a Training Certificate.

2nd European MIKE software conference

13-15 October 2008
Dubrovnik, Croatia

Water Across Europe

Free software training
Wednesday 15 October 2008

Prize for best presentation

Under the patronage of Croatian Waters

Water Across Europe is arranged by DHI, Proning DHI and Proneko, DHI's technical support service and software agent in Croatia.

DHI has developed a strong and successful tradition for holding regional DHI Software Conferences all over the world.

With the 2nd European MIKE Software Conference we aim to create a truly intereuropean environment and venue for learning about the latest releases and future directions of our MIKE Software.

We will discuss real world applications and share experiences and know-how with our current and future European users and colleagues from industry, academia, water bodies and authorities.

The official language is English.

Water Across Europe encourages the active participation of our users through user presentations.

A number of applications will be presented. Focus will be on simple applications as well as highly advanced and complex techniques. Presentations will cover coasts and seas, cities, and rivers and run in parallel tracks, including, amongst others:

Values

- ◆ Meet and discuss with DHI experts
- ◆ Excellent network opportunities
- ◆ Get the latest news on developments and R&D
- ◆ Free training sessions
- ◆ User presentations
- ◆ New inspiration and knowledge sharing

Topics

- ◆ Water resources management & planning
- ◆ Flood management & control
- ◆ Urban water management
- ◆ Environmental modelling
- ◆ Coastal/marine water & environment

As location we have chosen the beautiful and historic city of Dubrovnik – the pearl of intereuropean atmosphere and world famous for its cultural heritage.

Welcome to Dubrovnik!

If you wish to make a presentation, please submit an abstract (max 500 words) in English to our Conference secretariats no later than 1 June. Submissions must contain the names, affiliations and details (address, telephone and e-mail) of all authors, with a designated contact author.

Users who get abstracts accepted will be encouraged to produce full papers and/or multimedia presentations (flexible format), in English. Conference Proceedings will be provided on DVD and published on the conference websites.

Water Across Europe will be held at Dubrovnik President Hotel, which is located in the peaceful Mediterranean oasis of the coast of Babin Kuk peninsula close to the old city centre.

The Dubrovnik President Hotel possesses a number of well equipped conference and seminars rooms.

You have access to the private hotel beach; an indoor pool with a view to the sea and the Ela fit islands; a well equipped wellness centre, including saunas, Turkish bath and whirlpool.

All rooms at Dubrovnik President Hotel have a view to the sea and a balcony or terrace. Conference participants are offered special room rates at the Dubrovnik President Hotel.

For more information, visit:

www.valamar.com/croatia/dubrovnik/hotel/president

For booking of room at the Dubrovnik President Hotel please contact: Ms Marilka Tovarac, Email: marilka.tovarac@babinkuk.com

We look forward to seeing you in Dubrovnik in October 2008!
